

Cab steps on a refuse truck get no respect. Constant operator use is just the start of the abuse your steps will see. Add in moisture, road abrasives, and winter road salt; even the best cab steps will eventually fail.

Get a grip with upgraded self-cleaning cab steps for your Xpeditor. The expanded metal design puts an emphasis on driver safety and convenience, and provides years of rugged durability.

### Cab step conversion kit features:

- ▶ Expanded metal tread design is self-cleaning
- ▶ Provides traction in inclement weather conditions
- ▶ Rugged design for years of safe and reliable service
- ▶ Includes all parts necessary to install the conversion kit

**S4510001-001** | fits WX “narrow cab” models

- ▶ Includes steps and mounting brackets for both sides of the truck

WX “wide cab” kit scheduled for future release
